### Protec GmbH is proud to announce Cooperation with SEMICOA for Europe (Germany, Austria, Switzerland, UK, France, Italy, Spain, Norway, Finland, Sweden, Denmark and Belgium)

SEMICOA offers one of the largest selection of small signal, RF and power transistors for demanding military, space and high reliability industrial applications. All devices are hermetically sealed in metal cans or ceramic packages.

SEMICOA has the largest selection of Radiation Hardened Bipolar Transistors in the market, coupled with the most stringent radiation hardness assurance program in the industry.

All of SEMICOA's transistors are also available in die form for hybrid circuits.

All of these products are DLA Land & Maritime certified, are mission critical electronic components for military and space programs specially designed and produced to perform in high temperature and radiation environments. SEMICOA supports numerous strategic aerospace, military and HiRel programs. Headquartered in Costa Mesa, California, SEMICOA has design, development, fabrication, assembly, and testing facilities in house. For almost 50 years, SEMICOA has gained the reputation for quality, reliability and delivery.

**Expertise:** SEMICOA has assembled the industry's most experienced designers, engineers, production, packaging, quality control and sales people in the field of discrete semiconductors. With the experience and knowledge of SEMICOA's team, we are YOUR technology partner. Let us help solve your product needs and solutions.

**Certification & Quality:** SEMICOA facility has achieved the highest U.S. government qualifications; JANS, MIL-PRF-19500, ISO 9001:2000 and AS 9100:2004 Rev C certification. SEMICOA maintains full documentation and process control including required compliance testing. Our Quality Assurance department coordinates all quality conformance inspections, and maintains lot histories for each product type.

SEMICOA JAN / JANTX / JANTXV and JANS Products are EAR99, only the guaranteed Radiation Hard Transistors are Classified under ECCN 9A515.

Please contact us if you have any questions or if you need a quote for any SEMICOA Transistors.
